Exhibition

Messe Friedrichshafen GmbH is only the mediator for your order.

The contractor is the respective expert in charge for your stand (see list).

Please note: For consumption of 18 kW and more an electricity meter is mandatory. Only calibrated meters for all installations are acceptable.

Terms of delivery and payment

1. Electrical supply and electrical installation order forms including sketch should be submitted to the organizer's office as soon as possible but by the latest at the given application closing date.
2. The quoted prices include articles on loan for delivery, assembly, fault services, dismantling and collection - VAT is not included. Invoice will be made out prior to commencement of exhibition by expert in charge (see list) and is due for payment immediately. Please check invoice immediately. Complaints about the contents and amount of invoice should be made prior to dismantling of stand to allow proper rechecking.
3. Expert in charge may add a 10 % surcharge for incomplete or late order forms (i.e. not stated requests or missing information – resulting in a belated start of work), except:
 - 3.1. Exhibitors who have been approved a short notice by the trade fair management,
 - 3.2. Event-related special regulations (e.g. Fakuma).In case of a cancellation or changes of order no sooner than two weeks prior to begin of the fair the exhibitor may have to meet all costs incurred.
4. In order to guarantee a steady electricity supply to all exhibitors we reserve the right to immediately disconnect stands from the electrical supply if consumption exceeds the ordered amount. Special electrical connections are necessary for electrical systems whose power rating exceeds the normal network. They are liable to costs.
5. Systems and appliances must meet the VDE and local EVU requirements as well Industry-association regulations such as DGUV. Contractor is not liable for damage caused by faulty wiring or appliances not personally supplied.
6. Wires, kWh-meters etc. rented from contractor remain property of contractor. The exhibitor is responsible for ensuring that all rented material and appliances are returned to the contractor or are present and in working order when dismantling begins. Missing material or appliances will be charged to the exhibitor at the current market value.
7. Connections from the main system to the stand may only be laid by the contractor who is solely authorized to open the supply shafts. Supply shafts must always be accessible in case of an emergency.
8. Unauthorized connection of wiring or appliances to the existing installations of another stand is not permitted and entitles the contractor to immediately disconnect supply. Contractor may also charge a "main connection". The exhibition management decides however, what measures are to be taken.
9. No responsibility is accepted for the effects of power failure, voltage fluctuations, damage to the system or interference caused by electro-magnetic fields or for indirect damage or loss of profits. Liability for indirect

(and/or secondary) damage or loss of profit are generally excluded. If negligence cannot be excluded, the liability will be limited to the amount covered by the contract.

10. The commissioned electrical specialist company is authorized to deactivate installations or materials that do not comply with VDE requirements or to repair them at the expense of the client. The costs of any travel expenses, wages, and materials will be charged additionally.
11. If the contractual partner requests a reissuance of the invoice due to a name change, change in legal form, or change of the recipient's address, etc., the contractual partner must pay a fee of 50,00 EUR (plus VAT) for each invoice amendment. If invoices are addressed to a third party, the contractual partner remains the debtor until the respective invoice has been fully settled.
12. The above-mentioned conditions of delivery and payment are valid for all orders. Place of jurisdiction is Tettnang and place of performance is Friedrichshafen.
